

Hotel & Catering Accessories

Quality Disposable Drink Coasters, Tray Liners, Napkins & other accessories

Cafebrands

Cafe Brands are suppliers of software, labels, food safety and eco friendly catering disposables and food packaging.

We supply to businesses throughout Ireland, the UK and Europe.

Why choose Cafe Brands?

Because of our long standing experience and reputation, we can provide you with the most suitable products for your needs.

All Cafe Brands compostable packaging is 100% natural and 100% compostable with most items certified to European Composting Standard EN 13432.

Cafe Brands supplies customers in the food & beverage, catering, retail, farming, horticultural and airline industries. We also supply offices, schools, universities, hospitals, bars, clubs, exhibitions, sporting events and festivals.

We hold FSC® (Forest Stewardship Council®) certification, showing our commitment to using paper materials from a responsible source. Most of our paper products are FSC accredited, please contact us if you require further information.

Tray Liners & Place Mats

Drinks Coasters, Beer Mats and Napkins

Coasters

Drink coasters have a functional use in helping to catch drips from glasses and cups, maintaining a clean place setting and protecting the table top.

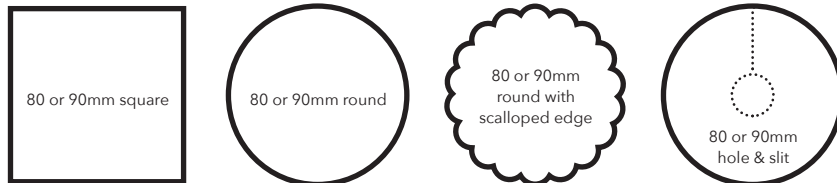

They are also a great way of promoting your brand to customers.

Materials

The most popular choice is multiply tissue with an optional wax paper backing. We offer many other types of paper coasters including deluxe multiply bonded tissue coasters. The tissue materials are available in various shades and we can print full ink coverage on certain materials to provide a match to your colour scheme.

Shapes & Sizes

Cafe Brands's most popular sized coasters are 90mm round or square with a plain or fancy scalloped edge. We have tooling to produce many other sizes and can even provide special shapes and sizes according to your exact requirements. We also offer "hole & slit", drip catcher style coasters - the small size is ideal for use as tea pot markers to indicate the type of tea inside the pot (see page 11) and the larger sizes for placing around glass stemware.

Types of printing available

Ink printing

We can print in 1-4 spot colours in pantone matched ink. We have a selection of materials suitable for producing designs with full ink coverage.

Debossing

Letterpress printing can be used to indent your logo into the paper. This produces a subtle, sophisticated print.

Foil printing

A luxurious, extra special feel is achieved with foil printing. Foil colours include shiny gold, silver and copper along with many more standard colours (please enquire for details).

Napkins

Cafe Brands stay ahead of catering trends with paper napkins that will help make your place setting extra special. Personalised napkins are available in a range of sizes, materials & print options.

Print

Napkins can be printed using traditional pantone matched inks or shiny metallic / bold opaque foil print, which gives stunning results. See above images - Ink print (left) , Hot foil print (middle) and Ink print with solid coverage to one side (right). Another print option is to blind deboss the logo onto napkins (left), which gives a subtle and sophisticated feel.

Materials

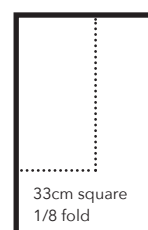

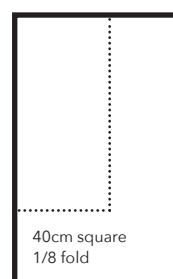

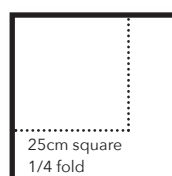

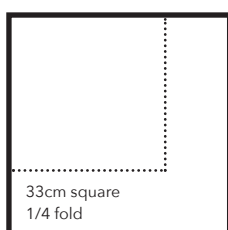

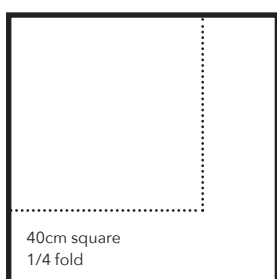

Catering for all budgets and customer requirements our material options for napkins include 2-ply and 3-ply tissue and luxurious , linen-like 1-ply airlaid paper.

These materials are available in white or black as standard. We can also offer coloured materials – please contact us for details on the current range available.

Sizes & folds

We offer 3 standard napkin sizes - 25cm cocktail, 33cm lunch & 40cm dinner (square, unfolded), all of which are available 1/4 square fold. In addition 33cm and 40cm square napkins are available 1/8 folded into a rectangle.

Cafebrands

Beer Mats

Traditionally used in bars - beer mats are absorbent and help to protect table tops. Made from 1.2mm thick bleached pulp board, they are robust enough to be reused many times.

Different Shapes and Sizes

Our standard size is 94mm round or square (with rounded corners).

Other shapes and sizes are available, please contact us for details.

Print

We generally print beer mats using four colour process, which allows us to produce complex photo quality designs. For a luxurious touch, logos can be emblazoned in shiny, metallic hot foil.

Cutlery Sleeves

Paper cutlery pouches are preloaded with 2-ply tissue napkins, and have an opening for tucking cutlery inside.

They save the time consuming practise of wrapping cutlery inside a paper napkin, whilst keeping the place setting organised along with the opportunity to print the outside of the pouch with your marketing message. Ideal for alfresco dining.

Print & napkin colours

Paper cutlery sleeves are digitally printed in four colour process. The entire outer surface of the pouch can be printed. White napkins are supplied as standard, we also have a selection of other colours—contact us for details on the current range available.

Sizes

The standard large cutlery pouch is 235 x 73mm with a 40cm, 2-ply tissue napkin. It can easily accommodate a knife and fork. We also offer a 200 x 85mm cutlery pouch which contains a 33cm, 2-ply tissue napkin (shown right in above image).

Whether plain white or custom printed, our range of Disposable Place Mats & Tray Liners will help to protect trays & table tops, whilst promoting hygiene and saving on laundry costs.

Materials

We offer a range of different papers to ensure we can offer you the best suited specification to meet your requirements.

Absorbent paper and Linen embossed paper are the most popular choices for restaurant place mats and hotel tray liners.

Non slip paper tray liners are suitable for room service trays and with bar service as the anti slip coating helps to keep items on the tray stable.

Different shapes and sizes

Serving trays come in many different shapes and sizes, therefore we hold tooling to produce popular sizes of paper tray liners in rectangular (with straight or rounded corners), square, circular and oval shapes.

Print

We can ink print 1–5 spot colours onto this range, using pantone matched inks. Some materials are suitable for printing designs with solid ink coverage and the 85gsm linen embossed paper is suitable for full colour process prints.

Hotel & Restaurant Accessories

Glass Covers & Hygiene Caps

Available in a wide range of sizes to fit most glasses, paper glass covers can be supplied plain or custom printed in up to 4 spot colours on matt or gloss card. We can also print glass covers with a metallic gold or silver foil logo or text, to add a touch of luxury.

Butter Dish Covers

Made from 40gsm white greaseproof paper, butter dish covers provide an elegant finishing touch and help to promote hygiene by protecting the butter.

We offer various sizes of round butter dish cover to fit most standard butter dishes. Available with a straight plain edge or with an additional small tab which aids clean and easy removal of the cover from the butter dish.

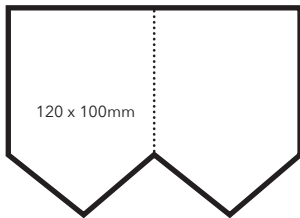

Tea Pot Markers

For establishments offering a range of loose leaf teas on their menu, tea pot markers can be customised with the different kinds of tea offered. The “hole and slit” design enables the marker to be placed on the teapot lid.

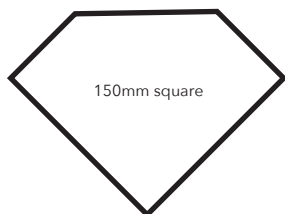

Tea & Coffee Pot Holders

Made from thick, multiply tissue, these holders help to protect fingers from hot handles whilst serving tea and coffee. This product can be branded with either a debossed or ink printed logo of up to 2 colours.

Hot Plate Holders

Protects fingers from hot plates whilst also promoting good hygiene and sophisticated service. This product can be branded with a 1 colour ink or debossed logo. Clear acrylic dispensers are available to purchase for the large hot plate holders.

Waste Paper Bin Liners

Paper bin liners help to protect the base of hotel room waste paper bins and absorb moisture.

They can be made from various types of paper in a range of shapes and sizes to suit your requirements. This is a bespoke item available to order plain or branded with a debossed or 1-2 colour ink logo.

A generic stock design is available for each product on this page

Cafebrands

Premium Hand Towels

Convey quality and luxury with branded hand towels made from 4-ply soft tissue.

Available in size 49 x 30cm, 1/4 folded.

Acrylic dispenser boxes are available to purchase in black, white or clear.

The hand towels can be printed with an ink logo of up to 4 spot colours.

Disposable Adult & Baby Bibs

Help protect your customers clothing by offering bibs for both babies and adults. Cafe Brands offer a range of bibs in different sizes, styles and materials. Why not turn an item which is both fun and practical into an eye-catching statement?

Custom printing in 1 to 4 spot colours offers countless possibilities in terms of design and is an interesting medium to promote your brand. We now offer digitally printed bibs which widens the printing possibilities, allowing us to print photo quality designs. Digitally printed bibs are only available in low print runs.

Above images - spot colour printed bibs (left) & digital printed (right)

Alternatively, plain white adult & baby sized bibs can be supplied ex-stock in standard sizes (see page 15).
